Skills Workshop**

**3 Hour Taster Session**

**Learn Effective and Engaging Presentation techniques**

**Only 4 Candidates Per Session**

**prime television**

The familiar faces of TV Presenters working on TV today make presenting on-camera look both easy and natural; however this is far from the truth! Often people faced with presenting on-camera for the first time come across as dry, wooden, monotone or dull and are often horrified at the end result. Even the most confident of public speakers may fall flat when faced with delivering a presentation on-camera. With training we can help you overcome your fears of presenting on-camera and shine!

This taster TV & Video workshop is for anybody interested in following a career as a TV Presenter or anyone who wants to improve their on-camera presence when faced with delivering video presentations.

Discover your on-camera persona and learn how to present like the professionals using some of the skills you will have learned during this workshop.

This taster masterclass will teach you various engaging on-camera presentation techniques to improve your delivery. During this intensive training we will focus on some of the core presentation skills used by TV Presenters today.

The masterclass combines the principals of fundamental on-camera presentation skills with practical hands-on pieces to camera.

All recorded footage will be made available to attendees to use at no additional cost. Each masterclass lasts 3 hours in length and has a maximum of 4 people per session. Light refreshments available.

Location: Prime TV, Unit 5, Cumberland Business Park, Scrubs Lane, London, NW10 6RE Tel: +44 (0) 20 8969 6122
